Why Agile software development is needed?

In software development, Agile practices involve discovering requirements and developing solutions through the collaborative effort of self-organizing and cross-functional teams and their customer/end user.

Hello Samaiya

Samaiya

Hi Omair!!!

OmairR

What is the progress report of the project???

Samaiya

Yeah... It's good.

OmairR

Do you like our project???

OmairR

Do you like the template and background effect??

OmairR

What is your feeling about this??!

Samaiya

I love it. More ever, love the background movement effect.

OmairR

Ok... Thank you so much. It is nice talking!!!

Samaiya

You are most welcome!!!
